

In Memoriam: Professor Jean-Pierre Lehmann

The Asia Global Institute is deeply saddened to hear of the passing of Professor Jean-Pierre Lehmann, Professor Emeritus of International Political Economy at IMD, and Visiting Professor at the Faculty of Business and Economics here at HKU.

Professor Lehmann's work and support for AGI stretches back to the Institute's predecessor, the Fung Global Institute, where, as Senior Fellow, he was a vocal champion and supporter of globalization and multilateralism. Most recently, Professor Lehmann was a guest lecturer for the AsiaGlobal Fellows Program where he addressed the topic of *Asia in the New Global Disorder*.

He will be sorely missed.
